

Stream Flow Regulations

Head for Final Vote

The state Department of Environmental Protection (DEP) submitted revised stream flow regulations to the legislature's Regulations Review Committee in early September. The Regulations Review Committee is expected to vote on the proposed regulations at its October 26 meeting although it may defer action until November. The committee is not required to hold any additional public hearings or obtain public comment. It may vote to approve or reject the regulations in whole or in part but it cannot make any revisions to the proposed regulations. CWWA will be meeting with each of the members of the committee to discuss how the revised regulations will affect public water supplies.

If you are interested in participating in a meeting with the legislators below, please contact CWWA's Executive Director Betsy Gara at gara@gmlobbying.com or 860-841-7350. If you live or if your company or town provides service in any of the towns listed below, we need your participation!
